Country Redford is a hard-hitting original country rock band from Northeast Ohio. We focus on bringing the party and keeping the boots stomping throughout the night with our unique compilation of today's top country music mixed with rock 'n' roll segues. Lyrically, our original music reflects the everyday joys and struggles of rural and suburban life here in Ohio. Musically, we blend our many influences from classic rock, alternative, and modern country into a laid-back feel with a bite.

MEET THE BAND

Country Redford was established in 2013 by singer Scott Redford. The band has been through a few changes but the most recent version came together in 2023. With the departure of a few members of CR, Scott and Chris were left to fill 3 big holes, this brings us to Aaron and John. Both Aaron and John have played together in various bands for the past 8 years and have formed a chemistry together which made a perfect fit for the new drummer and bass player. The final piece to the puzzle was Aaron and Johns guitar player, Vince, from a current project they were all involved in. All having been from the same area and played together before made an easy transition over to Country Redford. The current Country Redford band has enjoyed continued success in their local market and continues to play to adoring fans in the Northeast Ohio and Western Pennsylvania area.
